Cold stabilization: No
Filtration: Yes

ANALYSIS

Alcohol by volume: 13,5%
Total acidity: 5,7 g/l
pH: 3,40
Volatile acidity: 0,42

PRODUCTION

0,75 L : 7.500 botellas , **1,5 L :** 300 botellas

Wine conservation: To ensure an optimal development of the wine in the bottle, it is recommendable to preserve it in a temperature between 13 and 15° C.

Serving advice: The optimum drinking time is from 2 years after the bottling until 7 years. We do not recommend to keep this vintage more than 10 years.

TASTING NOTES

Pale yellow color with greenish hue.

In nose has aromas of white fruits, not very expressive initially, but when it breathes appear aromas of peach, jasmine, pistachios, cashews, rosemary, etc.

In mouth highlights a good volume with high breadth, all of this supported by a great acidity that holds up the set, and finally ending with a citrusy aftertaste very typical of Marssanne
